Protect radios, tablets, cameras, optics, batteries, and other sensitive equipment from moisture during use, transport, staging, and storage. The reusable DRYOUT 5L pulls moisture away from equipment without batteries or external power.

DRYOUT's patented material absorbs and traps moisture before it contributes to fogging, corrosion, mold, electrical issues, or long-term equipment degradation. Reset and reuse the bag for preventative storage or post-exposure recovery.

FEATURES

- Sized for larger devices and grouped equipment
- Pulls moisture away from sensitive gear
- Supports preventative storage and post-exposure recovery
- Reusable with no batteries or external power
- Portable for packs, cases, range bags, and vehicle kits
